

PFA A-LEAGUE STADIUM RATINGS

SEASON 2015/2016

ABOUT THIS REPORT

In 2009 the PFA introduced the PFA A-League Stadium Ratings System. Designed to measure the quality of football pitches across the A-League, it measures four key criteria of the playing surface: overall quality, hardness, pace and smoothness. Additionally, it recognises fans as a key pillar for the growth of the A-league and measures the weather conditions in which the match took place.
